- Use with IsaPro after training to support muscle growth.

1. WARNING: If on warfarin therapy, do not take without medical advice. Not suitable for children. If you are pregnant, nursing, diabetic, on medication, have any medical condition or are beginning a weight control program, consult your physician before using this product or any other dietary supplement. Vitamin supplements should not replace a balanced diet.
2. WARNING: When taken in excess of 3000mcg retinol equivalents, vitamin A can cause birth defects. If you are pregnant, or considering becoming pregnant, do not take vitamin A supplements without consulting your doctor or pharmacist. The recommended daily amount of vitamin A from all sources is 700mcg retinol equivalents for women and 900mcg retinol equivalents for men. This product contains selenium which is toxic in high doses. A daily dose of 150mcg for adults of selenium from dietary supplements should not be exceeded. Do not take while on warfarin therapy without medical advice. The recommended dose of this product provides small amounts of caffeine (approximately 500mcg per capsule – an average cup of coffee contains 80-120mg of caffeine).
3. WARNING: Not suitable for children. Not to be taken by asthma and allergy sufferers. This product contains royal jelly which has been reported to cause severe allergic reactions and in rare cases fatalities, especially in asthma and allergy sufferers. The recommended dose of this product provides small amounts of natural caffeine (less than 1.1mg per capsule – an average cup of coffee contains 80-120mg of caffeine).
4. WARNING: Not suitable for infants under the age of 12 months. Contains sugars.
